

# The TOOL LIBRARY ROUNDTABLE

Join the Tool Library board, volunteers, members, and community residents for our first ever roundtable to help build a better Tool Library!

Fresh off forming a board of directors and incorporating as a nonprofit, the Tool Library is embarking on a strategic planning process and needs your help! How can we build a stronger, more inclusive Buffalo with shared tools and resources?

Share ideas and brainstorm ways the Tool Library can continue to empower neighborhoods and provide communities with the tools they need to create the change they want and **how you can help.**
